"FOR A GREATER ROCKCASTLE"

Established 1887—34th Year—No. 3

Mt. Vernon, Rockcastle County, Kentucky

Friday Afternoon, November 12, 1920

Price \$1.50 PER YEAR
IN ADVANCE

Brodhead News

Mrs. K. J. McKinney was in Mt. Vernon between trains Sunday. —Masters Austin and Alvin Eicks entertained a number of their little friends Saturday afternoon in honor of their seventh birthday. A most delightful time was reported.—Mr. and Mrs. General Reynolds and Miss Fannie Rogers, of Bee Lick, visited Mr. and Mrs. Josh Wilson Saturday and Sunday.—Mr. and Mrs. R. E. Albright and little son, Richard, left Saturday for Ashville, N. C., to spend the winter on account of Mr. Albright's health. We trust the change will be beneficial to him.—Mrs. O. W. Turpin returned to Richmond Tuesday to be with her mother, Mrs. Edwards, who is sick.—Mrs. James Devault has returned from a visit with her mother-in-law, Mrs. Josie Devault, near Mt. Vernon.—Rev. George Childress filled his appointment at the Baptist church Saturday and Sunday.—Josh Wilson, boy, consulted his store building on Main St., between Smith & Co., and J. T. Lawrence and has moved his stock of goods to same.—W. A. Carson is in Lancaster this week.—The Basket Ball game of last Saturday between Mt. Vernon and Brodhead resulted as another victorious game for Brodhead. We are unable to learn the scores.—Mrs. J. G. Frith is in Stanford taking treatment under Dr. O'Bannon.—Tom McRoberts is in Garrard County this week.—Mrs. A. M. Attai, who underwent an operation at Berea hospital three weeks ago, was able to return home Tuesday.—Mr. and Mrs. Mack Henderson and children, of Garrard, visited his sister, Mrs. Ed Newland Saturday and Sunday.—Mrs. Virgil Martin and Miss Almaida Barton were in Mt. Vernon Monday having dental work done.—Mr. and Mrs. Ed Smith were with their daughter, Mrs. A. M. Hiatt first of the week.—J. A. Oliver was in Cincinnati during the week.—Mrs. A. L. Payne is suffering from a severe cold.

Colds-Catarrh-Coughs

The Right Direction

If you are going anywhere, the natural thing to do is to travel in the direction of the place you desire to reach. The speed you make merely regulates the time of your arrival—if you are headed right.

It is not the amount of money you save, but the fact that you have begun to save, that invests the act with a certain moral influence which, properly encouraged, becomes stronger and stronger all the time. That's why we urge you to open an account with us and get started on the right road, where the going is easy. Start an account today and watch it grow.

THE BANK OF MT. VERNON

T. J. Nicely, President

HON. RICHARD P. ERNST.
SENATOR ELECT

1000 - 500

"Rockcastle County for 1000 Junior Agricultural Club members for 1921 and Southern Madison for 500," is being carried to each school in the two counties. This number will be reached by December 31. The teachers are asked to write to County Agent, Berea, Ky., for club plans and application card if they wish to start a club in their school. Last week the Mt. Vernon Signal, and Berea Citizen published the objects of the Junior Agricultural Club. Week before last the Citizen published the benefits of Club. This week we want our enrollment started.

HOW TO ENROLL IN CLUB.

All boys and girls between 10 and 18 years of age, who are in school go to the teacher and give name, age, parents name, address, and what expected to grow, and teacher will send information to County Agent.

The boys and girls who are not in school can send in the above information through the teacher in their district, or directly to County Agent, Berea.

HELP NEEDED.

The County Agent wants the assistance of teachers, trustees, local club leaders, presidents of community clubs and parents in putting Rockcastle County over the top for 1000 club members and Southern Madison for 500. November and December are the months to reach our mark of 1500 members.

CLUB SONG.

It's A Long Way To Club Perfection.

(Tune—"Tipperary.")

It's a long way to club perfection,
It's a long way to go;
But we'll raise pigs, chicks and gardens,

And we'll cook, can and sew;
Goodbye loss and failure; good-bye doubts and fears;

It's a long, long way to club perfection,
But we're getting near.

JUNIOR CLUB MEMBERS.

All Junior Agricultural Club members are asked to help in the enrollment. Application cards will be sent to any club member on request. Where we now have club centers with 6, 10 or 18 members we want 18, 20 and 25 for 1921.

Robert F. Spence,
County Agricultural Agent.

CLUB SONG.

Our Club Will Shine.

Our Club will shine tonight,

Our Club will shine,

Will shine with beauty bright,

All down the line.
We're all dressed up tonight,
That's one good sign,
When the sun goes down and the
moon comes up,
Our Club will shine.

CLUB YELL.

Rick a Boom! Rick a Boom!
Rah! Rah! Rah!
We are here! We are here!
We are here now!
Take a look! Take a look!
Best you ever saw!

Junior Club! Junior Club!

FARMERS.

Now's The Time.

To cut, split and fill woodshed with stove wood.

To cut, split and stack up fire wood.

To gather corn, select and care for seed corn if it hasn't already been done.

To store potatoes and apples.
To repair house, barn, poultry house etc.

To make drain around the barn.
To fill in, with dirt, around the well.

To buy pure bred roosters.

To buy pure bred sows to head all herds.

To buy necessary feed or food.
To visit neighbors and get acquainted.

To write to the County Agent and get a supply of bulletins to read this winter when sitting around that big hot fire made of the wood put in the dry in November.

FARMERS YELL.

Stand us on our head,
Stand us on our feet,
Farmers, Farmers
Can't be beat.

CAMPAIGN ROCKCASTLE COUNTY.

Beginning November 1, there will be one of the biggest and most beneficial campaigns launched in Kentucky that she has ever had. This campaign will end December 31. It will be carried from valley to valley and from hill top to hill top. It will be worked through the schools and other organizations.

The County Agent of Rockcastle County is very enthusiastic about what can and will be done. He wants the assistance of teachers, trustees and parents in order to put Rockcastle County in the lead in the state. He says it can be done with the right kind of work.

This Campaign will not ask the people of the County a penny. It will, however, bring thousands of dollars to the people. Let's all get ready and help put Rockcastle County in the lead.

Plans and details will be published in Signal from week to week.—Watch each issue.

"Brighten The Corner Where You Are."

ONLY A COLD.

Are you ill? Is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

DISPUTANTA.

Farmers of this locality are busy gathering corn and digging potatoes.—J. B. Swinford dug one potato that weighed two and one half pounds.—Mr. and Mrs. J. C. Wood, of Conway, were the guests of Mr. and Mrs. R. A. Swinford Saturday and Sunday.—Born, to Mr. and Mrs. Sam McQueen a fine baby boy.—Mrs. America Abrams, who went to Berea for medical treatment, has returned home and is still very sick.—Mr. Harrison Gadd and family, who came here from Ohio to vote, returned yesterday.—Mrs. Nannie Lutes, of Berea, was

ANNOUNCEMENT

We are authorized to announce, subject to the action of the Republican Party at next August Primary,
T. J. BALL,
For Circuit Court Clerk.

TO HYATT CRAWFORD.

Your training now is over,
Your equipment is complete,
Your service record is clear,
For you the final assembly has sounded,
The Supreme Command has summoned you Overthere.
Fearlessly you have answered.
Over the dark sea of Death thy soul is convoyed,
Piloted by the hand that never falters,
We miss you, Hyatt—
We grieve that so soon you must leave us,
With tear-dimmed eyes and heavy hearts
We on the shore must bid you a fond Farewell.
But 'ere long we too must answer to the same summons,
We too must make the same Voyage,
You in going have made it easier for us to follow.
Comrade 1918

DIPHTHERIA AND HOW TO PREVENT IT.

Diphtheria is more prevalent this year than usual; this statement is couched for by the State Board of Health, and the increased number of cases we have had locally in the last month or two.

While this disease has been somewhat controlled by the use of Diphtheria Antitoxin and fewer deaths reported. There seems to be no material change in the number of cases reported.

The most logical way to eliminate this disease is through the Schick Test which determines whether a child is susceptible to diphtheria by a very simple method. The serum is injected into the child's arm, if the area immediately around the spot turns red in a given time, this denotes the absence of sufficient resistance power in the blood to counteract or drive out the diphtheria germ, and the child should be given an immunizing dose of the serum known as toxin-antitoxin which renders complete immunization for several years. If there is no positive reaction from the Schick test as has been explained above the child is immune.

In conclusion we can only say that it should be compulsory for every school child between the ages of 6 and 12 to be given this test and treatments made as indicated. By this means diphtheria would soon be eradicated and hundreds of lives saved. See your County Health Physician or write the State Board of Health, Louisville, Ky., for any information you may desire in regard to this matter.

Underwear, sweaters, knit good of all kinds.

Stephens Sunday.—Mr. and Mrs. Bob Brock attended church at Scaffold Cane Sunday.—Mr. and Mrs. Ray Linville attended church at Fairview Sunday night.—Joe VanWinkle, of Berea, passed thru here last week buying cattle and hogs.—The election passed off quietly here. Most everybody voted for Warren G. Harding and the stock law.—Dr. and Mrs. G. T. Payne and Miss Angia Payne passed thru here Sunday morning.—Morris Phillips made another trip to Disputanta Monday night.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. F. J. Y. W. C. A. PLANS WORLD PROGRAM

Mrs. John D. Rockefeller, Jr. Heads Association's 1920 World Service Program.

\$3,000,000 NEEDED FOR WORK

Leader Calls Association a "Stabilizing Influence" in Outlining Post-War Program for Women—Federal Council of Churches to Announce "Y. W. C. A. Sunday."

Mrs. John D. Rockefeller, Jr., chairman of the National Educational Campaign Committee of the 1920 World Service Program of the Young Women's Christian Association, has made the following statement:

"Since the war we are more than ever aware of the economic, industrial, educational, social and religious diff-

erences which beset the lives of girls and women everywhere. In meeting the post-war needs of women the Young Women's Christian Association stands as an instrument of service tested and proven by war, and organized to meet the manifold problems of peace."

"Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization particularly fitted to exert a stabilizing influence upon the troubled times through a consistent program of service for girls and women."

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for this World Service Program, which will insure to the world a healthier and better womanhood."

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, Japan, India, South America, Egypt, Siberia, and Mexico will close the week of February 22 to 29, which will be known as Y. W. C. A. Week."

"The Federal Council of Churches will probably set one Sunday as a time for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service."

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. We can no longer ignore the character, the manner of life and the ideals of other peoples, whether we want to or not. A special call is now coming to the Association from China, Japan, India and South America, where work was held back during the war because of the necessity for special activity in France and the United States."

"The World Service Program calls for \$4,500,000. Of this amount \$1,500,000 has already been secured."

The educational campaign committee includes among its members Mrs. Robert E. Speer, president of the National Board of the Y. W. C. A.; Mrs. Henry P. Davison, Mrs. William Van V. Hayes, Mrs. Robert L. Dickinson, Mrs. William Adams Brown, Mrs. Van Sanford Morel-Smith, Mrs. Lewis H. Lapham, Miss Ellen Hale Stevenson, Mrs. Frederic B. Pratt and Mrs. Herbert Lee Pratt.

WANTED: Men or women to take orders among friends and neighbors for the genuine guaranteed hose, full-size for men, women and children. Eliminates darns. We pay 75 cents an hour space time, or \$36 a week for full time. Experience unnecessary. Write, International Stocking Mills, Norristown, Pa.

WM. J. BRYAN SAYS FILIPINO WON THE HONORS

(It is a signed copyrighted article written at the Democratic convention hall at San Francisco for the International News Service. William J. Bryan paid the young Filipino \$1,000 for the article. T. F. Melencio, the young Filipino who is in charge of the Philippine Publicity Bureau in the United States.)

By WILLIAM J. BRYAN,

The greatest personal victory yet won in this Democratic convention was scored by a young Filipino by the name of Jose P. Melencio. He has charge of the Philippine Publicity Bureau at Washington.

He is only twenty-six years old and received his education in the public schools of the Philippines—under American teachers, as he proudly boasted—and at Georgetown, D. C. He is a remarkably promising young man.

Speaking with grace, using the best language and without a trace of embarrassment, he presented the claim of the Filipinos to independence. The audience was astonished at the strength of his argument, the skill with which he marshaled his facts and the high tone of his speech. He captivated everyone and committeemen and visitors paid him the compliment of clapping and cheering when he concluded his plea.

When one of the committee asked him some questions he returned to the platform and answered them with as much logic and precision as if he had taken weeks to prepare his answer. It was a remarkable triumph.

As one who began twenty-two years ago to fight for the promise of independence I was proud of this illustration of what the Filipino is capable.

SOME FACTS ABOUT THE PHILIPPINES

The University of Santo Tomas is 25 years older than Harvard.

The Filipino people number 10,350,640, of which 9,495,272 are Christians and only 9 per cent non-Christians.

They have been Christians for 300 years and have a culture and refinement that will compare very favorably with that of other nations.

There are only 6,684 Japanese in the Philippines. There are about 100,000 Japanese in California alone, or 15 times as many as in the entire Philippine archipelago.

English is taught exclusively in the Philippine public schools. Two million natives now speak English fluently, and there are 700,000 English speaking children in the public schools. It is destined to be the national language.

Seventy per cent of the inhabitants of the Philippines over ten years of age, according to a census just completed, are literate. This is a higher percentage of literacy than that of any South American country, higher than that of Spain and higher than that of any of the new republics of Europe whose independence is being guaranteed by the Allies.

"Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization particularly fitted to exert a stabilizing influence upon the troubled times through a consistent program of service for girls and women."

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for this World Service Program, which will insure to the world a healthier and better womanhood."

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, Japan, India, South America, Egypt, Siberia, and Mexico will close the week of February 22 to 29, which will be known as Y. W. C. A. Week."

"The Federal Council of Churches will probably set one Sunday as a time for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service."

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. JUNIOR RED CROSS WORKING AT HOME

Production of Sound American Citizenship the First Aim,
Says Dr. Farrand.

On the badge of every member of the Junior Red Cross are the words "I Serve." That tells the story of the school children's branch of the American Red Cross and its efforts to bring happiness to children throughout the world.

Realizing that the time never was so propitious as right now for teaching the highest ideals of citizenship, the entire present program of the Junior Red Cross has been framed under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to lend its aid in vitalizing the work of the schools.

"The thing that is needed," says Dr. Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junior Red Cross, but the training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great conceptions in making the Red Cross a contributor to better citizenship in our American democracy is the realization that after all the sole hope of any nation is with the children of the country."

The plan of organization of the Junior Red Cross makes the school—public, parochial and private—the unit, not the individual pupil. Mutual service, helpful community work such as clean-up campaigns, care of the sick, promotion of health regulations, participation in patriotic movements—all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross places at the disposal of the school authorities.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross. An elaborate plan for promoting an interchange of correspondence between children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service.

"We will strive never to bring discredit to this, our country, by any unworthy act.

"We will revere and obey our country's laws and do our best to inspire a like reverence and obedience in those about us.

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, bad wreck or tornado—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 250 persons were killed, 1,500 were injured, 13,000 were made homeless, about 90,000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

CONSTIPATION.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthens the digestion.

Recreation for Girls is Important Feature of Work.

Fifty-two young women in the United States are known as Y. W. C. A. "town secretaries." All of which means that the fifty-two are organizing recreation work for girls and for the community at large in towns of less than 10,000 inhabitants.

The Y. W. C. A. may be in one rented room or more. It may be a whole building, but at any rate there is a recreation room and if possible a kitchen, reading and writing rooms. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars. I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it." At all druggists.

MAKING WAR ON DISEASE MENACE

American Red Cross Announces Budget of \$48,200,000 For Current Year.

NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad
Deemed Necessary to Protect
United States — \$21,000,000
Less Than Last Year.

A program of relief and service toward which appropriations of \$8,000,000 have been made has been outlined for the American Red Cross for the fiscal year, July 1, 1920, to July 1, 1921, according to official announcement by national headquarters of the organization at Washington. The figures for 1920-21 are \$21,000,000 below those of 1919-20, in which \$60,400,000 was spent.

Important among the items of the budget for the present year is the appropriation of \$31,500,000 for relief in foreign lands, which includes \$11,000,000 in purchased supplies on hand and not distributed.

Must Protect United States.
This will enable the American Red Cross to continue its humanitarian effort to aid stricken peoples to re-establish themselves, to fight the disease epidemics which threaten many countries and to efface largely the remaining traces of the blight left by the World War. It is regarded as social as well as physical prevention on a large scale that will have a direct bearing on future conditions in America.

Central Europe, the chief sufferer from the conflict, today is facing another winter of famine, pestilence and ruin. Typhus decreased much during the summer months where last winter it had its greatest stronghold, but physicians who investigated the situation at the behest of the League of Red Cross Societies have given their unqualified opinion that this coming winter will see a recurrence on an unprecedented scale. The Red Cross feels it must continue preventive measures abroad to keep this and other deadly maladies from the United States.

Millions for Work at Home.
When the disease was sweeping Central Europe last winter the American Red Cross, with the aid of the governments of afflicted nations, undertook the fight against it. Hospitals were established wherever possible and food and clothing were distributed to the undernourished populations, who by reason of their undernourishment were easy prey to the epidemics. Where disorganization contributed last year to the great horrors made by the disease, by virtue of its knowledge of the disease and the presence of well established hospital centers, the American Red Cross this year will undertake the work with a new confidence.

Including the total of \$11,000,000 in supplies left from the last fiscal year, the \$31,500,000 is \$21,000,000 less than the expenditures for 1919-20.

Appropriations for domestic activities total \$16,700,000.

The largest item of this "home" budget is \$7,800,000 for civilian relief work. This includes service and assistance for families of soldiers, sailors and marines, and work incidental to disaster. Of the total appropriation for civilian relief, \$5,000,000 is held in reserve for carrying out actual disaster relief.

Reduced Overhead Expense.
The Red Cross invariably is the first thought of a community visited by calamity. With this in mind, it was determined by the Executive Committee in preparing the budget of 1919-20 to have a fixed reserve fund from which to draw in these instances.

For assistance to soldiers, sailors and marines in hospitals and in camps this year \$1,900,000 has been set aside. Four million two hundred thousand dollars has been appropriated for improvement of health and prevention of disease throughout the United States during the current twelve months. The Red Cross is co-operating fully with the United States Health Service in this work and through its Junior Red Cross is doing much to spread among children the principles of sanitation. An appropriation of \$1,600,000 has been made for developing the peace time program of the Red Cross by service to its chapters in all regions.

The appropriation of \$48,200,000 is exclusive of the local expenditures of the 3,000 or more chapters.

Administration expenses this year will be \$1,800,000. Last year they were \$2,300,000.

Don't Wait

for workers to come and ask you for a renewal of your membership. Send in your dollar to the nearest local chapter of the American Red Cross. Welcome the opportunity and privilege of repledging your fellowship by promptly answering the

IT COSTS TOO MUCH TO BE SICK

Keep Your Blood in Good Condition and You Throw Off Disease

PAY ATTENTION TO YOUR HEALTH

No Need to Take Chances with It. Pepto-Mangan Makes Rich, Red Blood

When you first feel a tired all-gone feeling, and look pale, your blood is losing in quality. Weak, impoverished blood has no power to fight disease. It takes red blood to keep you well.

If you keep your blood in good condition it will fight for disease. You will not be such an easy prey to long and expensive sicknesses. With thin blood you take chances every day.

There's no need doing that. You can take Pepto-Mangan and build up rich, red blood. With red blood you are able to win in the fight against prevailing diseases. Try Pepto-Mangan. It comes in tablet or liquid form. Take either kind. The tablet has the same medicinal value as the liquid. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name, "Gude's Pepto-Mangan" is on the package.

MOTHER

Twas she, my friend, who gave you birth,
And brought you to this glorious earth.
Upon her heart before the hearth
She cooed and cuddled you.
She wrapped you in your long white gown,
She brushed and kissed your fuzzy crown,
And never deigned to lay you down
Till drink had fuddled you.

In nightrobe, kneeling by her chair,
Her head upon your silken hair,
You learned to lisp that first sweet prayer,
To childhood known;

"And now I lay me down to sleep,
I pray the Lord my soul to keep —
Why should you hold that soul so cheap,
When you are grown ?

You toddled off to school one day;
"I'll have a rest," she tried to say,
Until the tears got in the way;

For ten times thrice
She watched your coming at the door!

Imagine how her heart gets sore
When you are gone forevermore
To schools of vice.

You left your home in early years,
In with your clothes she packed her fears;

You'd think to see her sprinkling tears
Twas ironing day.

For every kiss she gave you ten !
How many, many times since then,
She's wished and wished you back again —

Back at your play.

Advertisement.

If you would watch your steps today

As she did in your childish play,
You'd never go in paths astray

Where vices lead ! Could you but feel the joy that came

To her, when first you lisped her name
You'd never cover it with shame

By one misdeed.

Had her breast been one half as cold

As yours to her, now she is old,
Your tale of life were easily told,

And out of mind.

You are not worth, e'en at your best

One-half your cost of sad unrest;
Yet in the temple of her breast

You are enshrined.

No love like hers when all is said;

She'd sell her shoes to buy you bread,

And choke her hunger while you fed —

Would any other ? Forgive you ninety times and nine,
And for your sake your life resign;

If there's
